CONFERENCE SERIES
2016-17

SHAPING THE FUTURE OF DISPUTE RESOLUTION
& IMPROVING ACCESS TO JUSTICE

We are delighted to announce the appointment of **Diana Paraguacuto-Mahéo** as Chair of the Paris LOC of the GPC Series.

The Global Pound Conference (GPC) Series 2016-17 will facilitate the development of 21st century commercial and civil dispute resolution tools, at domestic, regional and international levels.

This is an ambitious new project to create a series of meetings around the world in 2016-17 involving all stakeholders involved in dispute prevention and resolution. It includes litigation, arbitration, mediation and conciliation. The theme of the Series is "Shaping the Future of Dispute Resolution & Improving Access to Justice."

During the series, [core questions](#) will be asked to all stakeholder groups, to better understand what choices are available to disputants when facing a commercial or civil dispute. It is hoped that it will help generate new discussions about what types of processes may be most appropriate in given situations, and what choices should be provided domestically and internationally.
